

# Holy Spirit or Mesmerism

(www.voicewithvision.org)

The phenomenon, of people falling or getting “healed” in emotionally manipulative meetings - is this the work of the Holy Spirit or Mesmerism?

I give the details below, you be the judge:

In the Acts of the Apostles, where we find the Holy Spirit leading the Apostles to preach, heal and do many miracles we find that it always happened in natural situations. Even in meetings, it was just the message. The disciples preached and miracles followed.

It was never in stage managed, specially arranged, manipulative situations, because the Holy Spirit does not need an atmosphere to do his miracles. He is the Holy Spirit and He will do his work wherever God’s children pray.

There were no manipulative songs, choirs, lights or music. We all know that songs, choir, light and music appeal to our senses.

**The Holy Spirit does not work through our emotions or senses. He works through our Spirit.**

When someone reaches your emotion bypassing your spirit, please understand that it is not the work of the Holy Spirit. That person is a charlatan and an imposter.

The only way these imposters can make you do what they want you to do is by manipulating your emotions.

A real man of God will heal like it happened in the book of Acts 3: 1-7

Here Peter looks at that man and the Spirit tells him to heal. He heals that man without manipulating his emotions in any way. It was healing straight from heaven. This is how God heals his children. Healing always happened in the book of Acts like this.

I want to inform you how these charlatans do what they do. What they do is a well tried out technique. This is called Mesmerism.

Originally developed by Franz Anton Mesmer in the late 1700's (this is where the word 'mesmerism comes from).

Mesmerism is about the Mesmerist controlling his client by inducing the client into a special trance state. By doing this, it is possible for the Mesmerist to completely control and manipulate the client.

The 300 voice choir, music, familiar hymns, lighting and the thousands of people expecting a miracle is a lethal combination that can induce trance like state on many weak and vulnerable people.

I want to mention here that these charlatans use screeners who listen to witnesses of many people and only choose weak and vulnerable people to come on stage. Because they know that it is the weak minded people who will be vulnerable to suggestions. They can get best result on stage only from weak willed people. This is the technique used by hypnotists too.

When the client is in this trance like state, the power of suggestion is multiplied. When the Mesmerist suggests the client is healed, they believe it and even demonstrate their healing. This is what we see many people do. They throw their wheelchair and walk.

But they do this completely in an emotionally charged atmosphere. This is a case of mind over body, where the mind tricks the body into thinking that all is fine. This helps them walk some distance without assistance.

When health workers visited people who claimed to be healed by a preacher, found out that their healing was not permanent. They were in the same condition as before. One person who was declared healed of cancer on TV by a preacher, died just 3 days after the meeting. Their healings were not permanent.

Similarly, many people who claim to have been healed by Mesmerism and other similar methods such as energy healing and reiki also had healings initially but the healing was not permanent. I hope you can see the similarity.

Hypnotism, Mesmerism, reiki and other such things may seem harmless. But the source of all these is the prince of this world, Satan.

These are his techniques. God never manipulates our mind. He comes straight to the door of our hearts and knock. If we willingly open the door, He will come and stay in us. Our God is a gentle God. He never manipulates.

Anybody who claims to be a minister of God, but manipulates mind, threatens, blackmails or curses is a charlatan and an imposter. It is very simple.

Next time, you watch someone on TV doing any of the above mentioned, please switch it off. Never send any money to such people. They are imposters; they are wolves in sheep's clothing. If you support them, you are also part of the evil they are doing. Do not be a part of any such evil person.
